

# M.T.C.W

## Across

- 3.** A cell organelle composed of RNA and protein  
**5.** Packages the material  
**7.** Storage areas  
**8.** Jell liked fluid inside the cell

- 10.** Made up of DNA and protein  
**11.** Surrounded by membrane inside the cell  
**12.** System of membranes found in cytoplasm

## Down

- 1.** Where photosynthesis occurs  
**2.** Provides energy for the cell  
**4.** Contains digestive enzymes  
**6.** Provides support  
**9.** Contains the DNA
