

Objective 1.01 - Parent Readiness

Across

2. Having a job or career and responsibilities that go with it
 5. Individuals related to each other biologically or legally
 9. Seeing the world through the eyes of a child or young person
 10. Keeping family members protected from harm within and from outside the home
 11. All relatives live in one household. For example: aunts, uncles and cousins
 13. Includes a husband, wife, and one or more of their biological children

14. Includes one parent and or one or more children

15. Having a sense of belonging and unconditional love, being wanted and included.

16. Carrying on the family traditions and values

Down

1. Maintaining wellness of the human body and avoiding illness
 3. Changes in a person's attitudes and perspectives - for example being worried and scared after having a baby

4. A feeling of a job well done - for example: a parent is happy because a child graduates from high school

6. A family with middle aged parents and children leaving the home

7. A caregiver that has legal responsibility for a child

8. Includes married couple, each spouse's children from previous relationships

12. A developing family, with children growing into middle childhood and early teens
