

Name: _____

Date: _____

Organic Chemistry

Across

6. What do alkenes have?

8. Where do hydrocarbons come from?

9. Carboxylic acids are _____ acids

11. How do we separate hydrocarbons?

12. -COOH

13. C_nH_{2n+2}

Down

1. C_nH_{2n}

2. Made of only carbon and hydrogen

3. Type of polymer

4. C_2H_5OH

5. Type of polymer

7. Alkene with four carbons

10. Natural polymer in humans
