

Organic Chemistry

Across

- 3. Long chain of molecules
- 5. 3C Alkene
- 8. 2C Alkene
- 10. How to get drunk
- 12. Opposite of Unsaturated
- 15. Absorption of energy
- 19. Burning something
- 20. 4C
- 21. Wax cylinder
- 23. -ane
- 24. 4C Alkane
- 25. Unrefined petrol
- 28. Chemical breakdown using yeast

30. CO₂ test

32. Alkanes to Alkenes

33. 1C Alkene

34. CO

Down

- 1. 3C Alkane
- 2. Another name for sugar
- 4. Two or more compounds but different arrangement of atoms
- 6. Separation of liquids
- 7. 5C Alkane
- 9. A series of compounds with the same functional group
- 11. An organic compound that contains a carboxyl group

13. Gas to Liquid

14. H + C

16. -ene

17. 8C Alkane

18. 2C Alkene

22. 10C

26. Opposite of Saturated

27. Biological Catalyst

29. 1C Alkane

31. 6C Alkane
