

# Photosynthesis

## Across

6. What is the second part of the photosynthesis formula
7. One major reaction in the chloroplast
8. Where is the chloroplast located
9. What is the first part of the photosynthesis formula
10. Where is chlorophyll found in

## Down

1. Second major reaction in the chloroplast
2. A process used by plants and other organisms to convert light energy into chemical energy that can later be released to fuel organisms
3. What does photosynthesis produce
4. One pigment of photosynthesis that reflects green light
5. What does ATP supply
