

Physics

Across

1. Someone who studies Physics
3. Mass Only
5. Mass and Direction
7. Freely Moving Particles
8. Molecules tightly together
9. Newtons 3rd Law

10. Study of Motion
14. Non Continuous flow of Electricity
15. Energy In Motion
16. Increase in Speed of an Object

4. Pull on you by earths surface
6. Energy at Rest
11. Newtons 1st Law
12. How much "Stuff" is in an object
13. Pull of Earth on an Object

Down

2. Perpendicular to Gravitational Force
