

Recap of Respiration

Across

3. What is the name of the muscle that enables us to breathe?
 5. The liquid that is a bi-product of aerobic respiration
 8. What is another name for the windpipe?
 9. The production of energy **WITHOUT** oxygen

11. The production of energy **WITH** oxygen
 12. Breathing heavily after exercise is referred to as paying the oxygen...?

Down

1. The act of inhaling and exhaling
 2. The acid produced as a result of anaerobic respiration

4. Carbon Dioxide is exchanged with what when we breathe?
 6. Where does Gaseous Exchange take place?
 7. The amount of air we take in is called out breathing?
 10. What transports glucose and oxygen around our body?
