# Rivers

## Across

- 3. Beginning of a river
- 6. A dent or curve in the coastline.
- 8. Where the land and the sea meet
- 10. A low area between hills and mountains

- 11. An area of land where all the different small rivers/streams join and flow into a bigger water system, like the ocean or a big river.

## Down

- 1. The end of a river
- 2. Small rivers/streams that join and flow into the main river.

- 4. A steep slope between a plateau and a flat land.

- 5. High, flat inland part of a country

- 7. A small river

- 9. Begin in high places and flow downwards

- 12. A piece of high land that goes into the sea
