# Rubidium

## Across

2. Who discovered Rubidium ?
3. How many rings does Rubidium have in its Bohr model?
7. What are one of the components of lepidolite?
8. Which ring has 2 electrons?
9. How many valence electrons are in Ring 3?

10. What mineral was Rubidium discovered in?

## Down

1. What year was a sample of pure Rubidium metal produced ?
4. Rubidium's \_\_\_\_\_ is 1.532 g/cm<sup>2</sup>
5. How many protons does Rubidium have?
6. What country was Rubidium found in?
