

Settling The West

Across

- 1. Method of mining by which water is sprayed at a very high pressure against a hill or mountain, washing away large quantities of dirt, gravel, and rock and exposing the minerals beneath the surface
- 2. A large, highly profitable wheat farm
- 5. A person who continually moves from place to place, usually in search of food

- 7. A piece of U.S. public land acquired by living on it and cultivating it
- 9. A way of farming in which seeds are planted deep in the ground where there is some moisture
- 10. Group of ordinary citizens who organize to find criminals and bring them to justice
- 11. A huge ranch
- 12. To absorb a group into the culture of another population

- 13. A plot of land assigned to an individual or a family for a specific use

Down

- 3. A name given to Great Plains farmers
- 4. Vast area of grassland owned by the federal government
- 6. Spanish speaking neighborhoods in a town or city
- 8. Money paid by contract at regular intervals
