

Sexuality

Across

4. People on the asexual spectrum who do experience some sexual attraction, but only in certain situations, like after they've formed a strong emotional or romantic connection with a partner.
7. Attracted to two genders
8. Being primarily sexually, aesthetically, and/or romantically attracted to femininity.
9. Being attracted to the same gender
10. experiencing little or no romantic attraction to others and/or has a lack of interest in romantic relationships/behavior.
13. People who do not experience romantic attraction until a strong emotional or sexual connection is formed with a partner.

14. Being primarily sexually, romantically, and/or aesthetically attracted to genderqueer, transgender, and/or non-binary people

Down

1. being primarily sexually, romantically and/or emotionally attracted to some men, males, and/or masculinity.
2. Little or no sexual attraction
3. Describes people who have consensual relationships that involve multiple partners. Polyamorous people talk openly with their partners about having or having the desire to have sexual and/or emotional relationships with multiple people and often set ground rules for their relationships. Polyamorous people can be in relationships with monogamous people.

5. A woman who is attracted to another woman

6. When you only experience attraction rarely, on a very low scale, or only under certain circumstances
11. Sexuality isn't heterosexual
12. curiosity about having attraction to people of the same gender/sex (similar to questioning)
