

Structure of an Atom

Across

- 3.** Electrons are found _____ of the nucleus
- 5.** What particles are neutral?
- 7.** Electrons are _____ than protons and neutrons
- 8.** What particles are negative?
- 9.** Electrons and Protons _____ out each other

- 10.** How many particles make up the atom?

Down

- 1.** Protons are found _____ to the nucleus
- 2.** The number of protons equals the amount of _____.
- 4.** An atom has the _____ number of protons and electrons.
- 6.** What particles are positive?

Word Bank

- electrons** **outside** **same** **smaller** **inside**
electrons **cancel** **protons** **neutrons** **three**
