

# Study Skills

## Across

6. See how ideas, things or people are similar.  
 7. This is a very important study skill.  
 11. See how ideas, things or people are different.  
 13. A process of gathering evidence of performance.  
 14. If you evaluate or judge ideas you are a \_\_\_\_\_ thinker.

## Down

1. When you put off studying until later and rather play computer games, you are known as a time \_\_\_\_\_.  
 2. When you quickly look at headings and the main ideas in each paragraph.  
 3. The ability to focus and pay attention.  
 4. If you generate, produce or make new ideas; think in different ways you are a \_\_\_\_\_ thinker.

5. Active listening includes \_\_\_\_\_ what is said.  
 8. If you listen like this, you will understand and remember more.  
 9. A mind map is a \_\_\_\_\_ to help you to learn.  
 10. To cause you to stop thinking about or paying attention to.  
 12. It is good to have a \_\_\_\_\_ plan when preparing for exams.
