

Teaching Methodology Review

Across

- 3. Self confidence
- 7. Brings lessons to life
- 9. Taken what one learns and bringing it to life and apply theory into practice
- 10. Humor should be apparent and flow, not planned
- 11. Discover unknown effect or results through procedure

Down

- 1. Student should do this soon after the demo
- 2. Making up a way to remember something
- 4. Personal experiences
- 5. One must do within class discussion
- 6. Clues from student that indicate to educator if class is understanding
- 8. Brief activity to have mental and physical break for learners
