

The Changing Earth

Across

2. a low place between hills or mountains
 7. a force that pulls things together
 8. many rocks moving fast down a hill
 9. a push or a pull

10. the process of moving rock from place to place
 11. a mixture of small pieces of rock, bone, and shell
 12. big areas of ice and snow that do not melt each year

Down

1. the process that changes the size and shape of rock
 3. get bigger
 4. pieces, like sheets, that lie on top of or under other pieces
 5. not covered
 6. water spilling over the sides of a river
