

Tools and Horses

Across

3. a battery-operated portable light.
 6. a type of saw with a reinforced back edge that keeps the thin blade from being distorted.
 8. a tool with a heavy metal head mounted at right angles at the end of a handle, used for jobs such as breaking things and driving in nails.
 12. a horse of a North American breed having dark spots on a light background.
 13. a type of clamp device typically used to hold a wood or metal work piece, and often used in, but are not limited to, carpentry and welding.
 14. the Polish primitive horse is a small, semi-feral horse, originating in Poland.
 15. a powerful draft horse of a gray or black breed, originally from France.

16. is traditionally a small horse, usually of a stout build, with strong bones, large joints, and steady disposition; it is a body type of horse rather than a specific breed.
 18. one of the oldest breeds of draft horse, and originates from the Ardennes area in Belgium, Luxembourg, and France.
 19. (of a horse) of pure breed, especially of a breed originating from English mares and Arab stallions and widely used as racehorses.
 20. a tool with a flattened, cross-shaped, or star-shaped tip that fits into the head of a screw to turn it.

Down

1. a small cart with a single wheel at the front and two supporting legs and two handles at the rear, used typically for carrying loads in building-work or gardening.
 2. a saw with a narrow fine-toothed blade set in a frame, used especially for cutting metal.

4. pincers with parallel, flat, and typically serrated surfaces, used chiefly for gripping small objects or bending wire.
 5. a frame or trestle that supports wood for sawing.
 7. a mechanical power-driven cutting tool with teeth set on a chain which moves around the edge of a blade.
 9. an American feral horse which is typically small and lightly built.
 10. a horse of a miniature breed, the adult of which does not usually exceed 30 inches (75 cm) in height.
 11. also known as the Avelignese, is a breed of horse developed in Austria and northern Italy during the late 19th century.
 17. also known as PSL, is a Portuguese horse breed, closely related to the Spanish Andalusian horse.
