

Twenty One Pilots lyrics

Across

2. I won't fall in love with falling.
 4. You're my pride and joy, you're my pride and joy.
 11. Sometimes to stay alive you gotta kill your mind.
 13. I know you want to leave.
 14. I've got two faces.
 15. Our brains are sick but that's okay!
 16. Stay alive for me.

18. The clouds above will hold you, the clouds above will sing.

19. Will you take care of me?

20. You don't know my brain.

Down

1. We have all learned to kill our dreams.
 3. Tell me, where am I from, your eyes say, "Shada de da dum."
 5. I bet I could have been a better man.

6. Oh, don't you test me, no! Just because I play the piano!

7. This room is far too dark for us to stay around.

8. I was told when I get older all my fears would shrink.

9. Death inspires me like a dog inspires a rabbit.

10. I've been thinking too much.

12. I can feel my death.

17. But believe me I'm fine. But I'm lying. I'm so very far from fine.
