

Type of engineering

Across

5. What type of engineer supervisors lighting
 7. What type of engineer makes paper making Machines
 11. What type of engineer makes anti brakes for cars
 13. What type of engineer makes animals habitats
 14. What type of engineer designs highways and flows traffic
 15. What kind of engineer makes bridges and tunnels
 18. What type of engineer makes food processing Machines
 19. What type of engineer insulate homes and buildings
 21. What type of engineer make sure buildings are structurally strong

22. Advances technology for health
 23. What type of engineer designs tools for doctors
 24. What type of engineer tests the stress points of Materials
 25. What type of engineer makes X-ray machines
 26. What type of engineer study's human movements

Down

1. What type of engineer makes medicine for animals
 2. What type of engineer makes wires and poles
 3. What type of engineer makes components for railroads
 4. What type of engineer oversees sewer and water treatment
 6. What type of engineer study's DNA

8. What type of engineer makes sure your utilities are available
 9. What type of engineer makes phones and how the data transmits
 10. What type of engineer designs jet engines
 12. What type of engineer makes oil mining Machines
 16. What type of engineer makes sure an item is good quality
 17. What type of engineer make planes and space crafts
 20. What type of engineer makes nuclear power plants
