

US Imperialism

Across

2. A country that is technically independent, but under the control of another country. Ex: Cuba after the Spanish-American War

8. President Taft's diplomatic strategy of investing in foreign nations to create strong trade partners and stability overseas.

9. Corollary to the Monroe Doctrine that stated non-European powers, like Japan, also must stay out of the Western Hemisphere

12. The "crossroads of the Pacific"

15. Corollary to the Monroe Doctrine that said the US was the "world police".

17. President Wilson's diplomacy that said the US was a moral guide and should spread peace and democracy around the world.

18. Nickname for small islands in the Pacific that the US used to refuel ships on their way to trade in Asia

19. When one nation has control of many colonies, they have created an _____.

20. "Seward's Folly"

Down

1. Shortcut built under President TR's presidency to improve trade and naval defense in the Western Hemisphere

3. A territory under the complete control of a more powerful nation

4. Area of cultural, political, economic or military influence of one country in another.

5. Gaining colonies and territories.

6. "Keep out" warning to European powers to not create colonies in the Western Hemisphere.

7. "Fake news" that made Americans pro-war against Spain.

10. US trade policy in China that said all nations would have equal access to trade.

11. President Roosevelt's diplomatic strategy to ask countries nicely but be prepared to back it up with the military

13. President Roosevelt's "big stick"

14. Name of the ship that exploded in Havana Harbor, Cuba that sparked the Spanish-American War.

16. US Secretary of State who created the Open Door Policy and negotiated the treaty to build the Panama Canal.
