

Unit 1 Science 7th grade

Across

6. Semi-permeable membrane
7. Where Photosynthesis occurs
8. Blank maintains pressure inside the cell
10. Digestive System of the cell
11. Powerhouse of the cell

Down

1. What type of cell performs Cellular Respiration
2. Product of Cellular Respiration
3. Control Center of the Cell
4. Protects the cell
5. Product of Photosynthesis
9. Process moves waste out water in across the semi-permeable membrane
