

Upper limb muscles

Across

2. origin C6-C7; inserts medial border of scapula
 5. origin medial epicondyle humerus; inserts 2-3 metacarpals
 6. origin clavicle, acromion process scapular spine, inserts deltoid tuberosity
 7. Origins infraspinous fossa scapula; inserts greater tubercle?
 9. origins long: supraglenoid tubercle, short: coracoid process; inserts radial tuberosity
 10. origins lateral border of scapula inserts intertubercular groove?
 12. origins long: infraglenoid tubercle, lateral: lateral and posterior humerus, medial: posterior humerus; insertion olecranon process of ulna
 13. origins anterior humerus; inserts ulnar tuberosity and coronoid process of ulna

15. origin T1-T4; inserts medial border scapula
 16. origins pubic crest, symphysis pubis; inserts xiphoid process inferior ribs
 18. origin T7-L5, sacrum, iliac crest; inserts intertubercular groove
 19. origins iliac crest, lumbar fascia; inserts 10-12 ribs
 20. origin lateral border scapula; intertubercular groove
 21. Origins lateral border of scapula; inserts greater tubercle
 22. origins 7-12 ribs, iliac crest, lumbar fascia; inserts xiphoid process
 23. Origins supraspinous fossa; inserts greater tubercle
 24. origin ligament nuchae, C7-T12, external occipital protuberance; inserts clavicle, acromion process, scapular spine

25. What muscles' origin is at the Spinous Process of T7-L5; sacrum and iliac crest and inserts at the intertubercular groove?
 26. origins 5-12 ribs; inserts iliac crest

Down

1. origin supracondylar humerus; inserts styloid process of radius
 3. origin 3-5 ribs; inserts coracoid process
 4. Origins Subscapular fossa; inserts lesser tubercle?
 8. origin 1-9 ribs; medial border of scapula
 11. What muscle originates at the Clavicle, sternum, superior six ribs; inserts at intertubercular groove?
 14. origins pubic crest, symphysis pubis; inserts xiphoid process and inferior ribs
 17. Origin clavicle, sternum, 1-6 ribs; inserts intertubercular groove
