

Vocab Project #3

Across

3. the different forms of a gene
6. an organisms genetic makeup
8. structure within the nucleus containing the genetic information
10. part of the DNA that controls a trait

Down

1. an organism's physical appearance

2. having two different alleles for a trait
4. a condition which neither of two alleles of a gene is dominate or recessive
5. an allele that is hidden when a different allele is present
7. an allele whose trait always shows up in the organism when the allele is present
9. having two of the same alleles for a trait
