W!SE Insurance Terms

Across

- 2. A type of auto insurance that covers the cost of repairs to your vehicle in case of an accident (also called full-coverage)
- 7. The amount you have to pay in a year for a health insurance policy before they cover costs.
- 9. Product used to protect individuals in the case of automotive accidents
- 14. A product that protects a lender when a person purchases a home. (Often paid when there is less than 20% down payment.)
- 15. When an individual reports to an insurance company that something happened.
- 16. The individual who receives the payout from an insurance policy
- 17. A person who is protected by an insurance policy.

- 18. The amount you have to pay just to have an insurance policy.
- 19. A product that requires an individual to have a primary care physician monitoring their health.
- 20. The money that you have to pay for any insurance claim before insurance pays.

Down

- 1. A product that protects a person's property when they are renting a property.
- 3. A product that protects against the costs of a person's death for the rest of their life. It tends to gain value over time as the person pays into the policy.
- 4. A product that can help cover for the costs of in-home nurses, hospice, or nursing homes.
- 5. Insurance that covers your house and your property.

6. A product that protects against the costs of a person's death for a specific period of time.

8. A product that allows an individual to share risk with other individuals in exchange for payment of a premium and deductible.

10. The money that gets paid in case an individual dies.

11. A product that helps recover income in case you cannot work due to accident or illness. (AFLAC is a type of this)

12. The amount you have to pay for a Doctor visit in traditional health insurance policies.

13. The possibility of a bad thing happening to cost an individual money. It is shared among all individuals who have a specific type of insurance.
