

Westward Expansion

Across

2. long journeys where cowboys herded cattle to market

5. gave government owned land to small farmers

6. called for the government to own railroads and telephone and telegraph systems

7. the Great Plains from Texas to Canada, where many ranchers raised cattle in the late 1800s

8. granted federal land to the states that was to be sold to raise money to build colleges

9. a system of messengers on horseback who carried mail to the West

10. a social and educational organization for farmers

Down

1. tried to lesson traditional influences on Indian society by making land ownership private rather than shared

3. African American troops sent to the West to force the Indians to leave

4. people who left the South and moved west
