

# biotechnology terms and knowledge

## Across

3. what is Deoxyribo nucleic acid better known as
5. bacteria S in Griffith's experiment was the
6. our introduction to Biotech
8. a characteristic of DNA molecule
9. who usually benefits from biotechnologies

10. a benefit of genetically modified mosquitoes are

## Down

1. GMO stands for
2. something potentially genetically modified mosquitoes could harm
4. expression of an organism's genetic code
7. biotechnology should do what to society

## Word Bank
