

# electrolysis and neutralisation

## Across

5. H<sup>+</sup> ions make a solution  
\_\_\_\_\_
7. negative electrode
8. Loss of electrons
9. OH<sup>-</sup> ions make a solution  
\_\_\_\_\_
10. Positive ions in electrolysis

## Down

1. Name of an Acid + Base reaction
2. Process of plating one metal with another
3. Gain of electrons
4. Positive electrode
6. negative ions in electrolysis
