

# speeding

## Across

3. Speeding \_\_\_\_\_ the stopping distance required to avoid a collision.

5. Among crashes attributed to a critical teen driver error, 21 percent of serious teen driver crashes were due to driving too fast for road \_\_\_\_\_.

8. Nearly half of teens surveyed said seeing teen \_\_\_\_\_ urge the driver to speed was common.

10. In 2011, speeding was a factor in more than \_\_\_\_\_ (52 percent) of fatal crashes with a teen behind the wheel.

11. Speed \_\_\_\_\_ the amount of time a driver needs to avoid a collision.

12. Speeding increases the likelihood that the crash will result in \_\_\_\_\_.

## Down

1. Teens are more likely than older drivers to \_\_\_\_\_.

2. Nearly half of teens report seeing \_\_\_\_\_ encouraging drivers to speed at least sometimes.

4. Crash risk increases incrementally with each \_\_\_\_\_ over the speed limit.

6. Teens are more likely than older drivers to allow shorter headways (the distance from the front of one \_\_\_\_\_ to the front of the next).

7. \_\_\_\_\_ of teen drivers report driving 10 miles per hour over the speed limit at least sometimes.

9. The top three predictors for fatality are non-use of seat belts, teen drivers, and roads with \_\_\_\_\_ of 45 mph or higher.
